

SPECIALIZED WEBSITE
FOR
COOPERATION OF
OIL AND GAS
COMPANIES
IN UKRAINE.

RIGMANAGER

SELL, BUY,
RENT, LEASE,
SERVICES.

CATALOG OF OIL AND GAS
EQUIPMENT AND SERVICES.

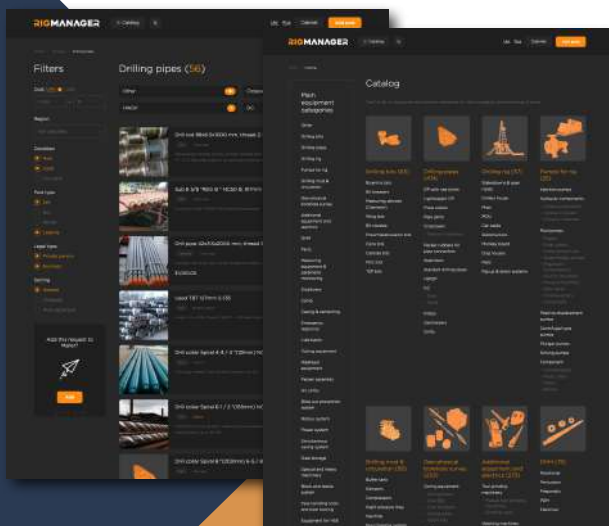

rigmanager.com.ua

The main goals of the website

1. Create the first specialized platform in Ukraine for market participants in the Oil and Gas sector.

2. Informing the market participants of drilling contractors about the available goods and services in Ukraine.

3. Provide a tool to improve the efficiency of cooperation between Oil and Gas companies in Ukraine.

rigmanager.com.ua

Benefits

Authorization only by email, phone number is not required. That allows to publish relatively anonymous announcements.

Website in 3 languages, including equipment catalog: Ukrainian, Russian and English.

Publication of announcements of any complexity, with respect to catalog.

Automatic translation of announcements text into 2 remaining languages. With possibility of correction.

Intelligent system of search and filters of announcements.

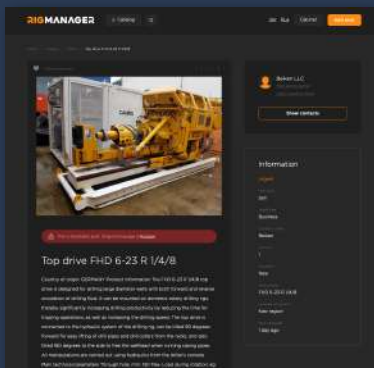

Subscription to notifications about new announcements by selected category, keywords and author.

Free limited access.
